

FAA-PMA REPLACEMENT PARTS — SAFETY EQUIPMENT

Evolution AEROSPACE, INC. understands the cost and turn time challenges that are commonly embedded in OEM component repair programs. We are independent experts in the maintenance and repair of oxygen systems, fire suppression systems and emergency blowdown bottles. From oxygen and fire bottles to regulators, valves, and oxygen masks, no one else in the world provides the level of service and support that we do. Our growing list of safety equipment components includes FAA-PMA fire bottle burst discs and washers, oxygen regulator seals, seats and disks assemblies - with many more components currently in development.

- FAA-PMA Approved parts for the most common safety equipment requirements
- FAA Approved overhaul repairs for numerous aircraft platforms
- We've made thousands of safety equipment repairs possible

And... we look forward to working with you if you have special requirements not on our current line card.
